

OUR AIM

Transform the traditional education system to improve learning outcomes and make education more practical, effective, accessible, and enjoyable.

OUR MISSION

Bridge the gap between theoretical knowledge and practical application through **Verified Education Development Artifacts (VEDA)**.

SINGHA'S GURUKUL

SINGHA'S GURUKUL

About Us

SINGHA'S GURUKUL is an innovative Ed-tech company based in Nepal, aiming to revolutionize the delivery of scientific education, which drives us to explore new technologies and create educational tools called VEDA (Verified Education Development Artifacts).

We recognize the transformative power of educational tools. VEDA is designed to enhance learning by promoting conceptual understanding, practical application, imagination, verification and quantification, while ensuring an enjoyable learning experience.

With over 50 schools interested in adapting our products, Singha's Gurukul will positively impact Nepal's education sector.

Transform Your Education & Unleash Your Full Potential With VEDA

OUR SERVICES

Teachers Training

We offer comprehensive training workshops to empower teachers with the necessary knowledge and skills to effectively use the VEDA unit in their classrooms, enabling them to deliver engaging lessons, incorporate interactive learning techniques.

Students Training

Our student training program nurtures curiosity, confidence, leadership, teamwork, and problem solving skills, igniting a passion for science and exploration of scientific concepts beyond textbooks.

Exhibitions

We organize and participate in educational fairs and exhibitions, showcase our VEDA collection and foster a passion for learning through firsthand experiences. We organize inter-school contests to inspire enthusiasm and to acquire knowledge.
